§ 1 Purpose of the master's examination

¹The bilingual (German/English) master's programme Development Studies addresses the causes, conditions, and consequences of social, political, and economic processes of development, radical change, and globalization in selected regions (Latin America, Asia, or Africa), primarily in developing and transformation countries (the so-called "Global South").

²The combination of the subjects Development Sociology/Politics, Geography, and Economics provides students with extensive methodological, scientific, and career-relevant competencies in the area of development research. ³Students acquire the ability to analyse social, political, and economic development problems and processes of radical change and to discuss them in consideration of theories from economics and the social sciences. ⁴On the basis of the master's examination as the culmination of the master's programme Development Studies, it is determined whether the candidate possesses the requisite understanding of subject-related and interdisciplinary connections to pursue further independent academic work. ⁵On the basis of having passed the master's examination, the University - by way of the Faculty of Humanities & Social Sciences - awards master's students in the programme Development Studies with a focus on Development Sociology/Politics and - by way of the Faculty of Biology, Chemistry & Earth Sciences - master's students in the programme Development Studies with a focus on Geography the academic degree "Master of Arts".

§ 2 Admission to the programme; qualification

(1) ¹Admission prerequisites for the master's programme are as follows.

1. a bachelor's degree in Applied African Studies, African Culture & Society, International Economics & Development, Philosophy & Economics, B.Sc. Geography, or Culture & Society in the subject area Sociology from the University of Bayreuth, or an equivalent degree and
2. Evidence of English language skills at least at level C1 of the Common European Framework of Reference for Languages and
3. Evidence of German language skills at least at level A1 of the Common European Framework of Reference for Languages for applicants who have acquired both their higher education entrance qualification and their initial degree qualifying them for admission in a language other than German. Applicants who cannot provide this proof of German language skills will be enrolled under the condition that they submit proof of the required language skills by the end of the second semester at

latest and

4. Evidence of a career-relevant internship of at least 4 weeks or professional experience in a qualifying area of practice, especially for organizations and institutions in development cooperation, internationally active businesses, and industry federations.

²In addition, it is recommended that students have a subject-specific understanding of the countries in the Global South and/or career-relevant experience in the countries of the Global South. New students should already possess a basic understanding of the social sciences or Earth sciences in development studies and be able to discuss and evaluate various approaches. ³Knowledge of another scientific language relevant to a developing region (e.g. Spanish, French, Portuguese) is also strongly recommended.

- (2) ¹The degrees may not differ significantly in terms of qualification from the degrees mentioned in para 1 number 1. ²If there are equalizable substantial differences, applicants may be admitted on the condition that they complete a maximum of 30 credit points from the respective bachelor's programme within one year in addition to the work to be completed in the master's programme; otherwise, the requirements for admission to the programme are deemed not to be fulfilled. ³In such cases, the examination and study regulations for the relevant bachelor's programme (as amended) shall apply. ³Article 63 BayHSchG applies for determining the recognition of domestic and foreign degrees.
- (3) Such decisions as described in para 2 are to be made by the board of examiners established under the terms of § 4.
- (4) ¹If the bachelor's certificate or equivalent diploma has not yet been issued, a confirmation of all individual grades for all examinations and coursework completed up to the date of registration must be submitted.

²Such coursework must amount to at least 150 ECTS points and correspond to a final grade of 2,5 or better. ³Applicants who fulfil the requirements of sentence 2 are to be enrolled on the condition that they submit the relevant degree certificate with a grade of 2,5 or better by the end of the second semester of study.

§ 3

Structure of full-time and part-time study and the master's examination; standard period of study

- (1) ¹The master's programme Development Studies is divided into modules, with credit point requirements as follows:

	Credit Points (CP)
A Foundations	45
B - D Elective Courses (individual focus): Development Sociology/Politics (B) or Geography (C) or International Economy (D)	20
E Project-Focussed Units	30
M Master's Thesis	25
Total	120

²One of the three focus topics "Development Sociology/Politics" (B), "Geography" (C), or "International Economics" (D) is to be chosen. ³A change of focus topics is possible once up to six weeks after the beginning of the second semester by submitting a request to the chair of examiners. ⁴Examinations that have not been passed but are no longer required due to the change of focus topics need not be repeated. ⁵It is possible to take additional examinations from the other focus topics. ⁶There is no obligation to retake such additional examinations if they are not passed. ⁷Passed examinations from other focus topics will be indicated on the certificate, unless the student requests otherwise; the grades achieved are not be included in the calculation of the overall grade.

- (2) ¹The master's programme Development Studies can be completed as a full-time or part-time student. ²Upon enrolment, the applicant must decide whether he or she wants to complete the programme of study as a full-time or part-time student. ³Changing from full-time to part-time study or from part-time to full-time study is only possible within the enrolment period of each new semester. ⁴The programme comprises four semesters of full-time study including the master's thesis (standard period of study). ⁵The programme comprises eight semesters of part-time study including the master's thesis. ⁶Unless special provisions are made in the present regulations the deadlines specified for full-time study also apply to part-time study. ⁷Details concerning the course of instruction are based on the relevant curriculum guide.
- (3) A total of 120 credit points must be earned in accordance with the European Credit Transfer System (ECTS).
- (4) ¹New students can enter the programme in the winter semester. ²Notwithstanding sentence 1, it is possible to commence studies in Summer Semester 2021.

- (2) ¹The board of examiners constitutes a quorum if the majority of members are present and entitled to vote after an invitation had been sent to all members at least three days prior to the meeting. ²The decisions taken by the board of examiners in its meetings are to be made on the basis of majority vote. ³Vote abstention, secret voting, and proxy voting are prohibited. ⁴If votes are equally divided among its members, the chair's vote shall be decisive.
- (3) ¹The chair of examiners shall ensure that the provisions of these regulations are followed. ²He or she shall convene the meetings of the board of examiners and shall act as chair of its proceedings and decisions. ³With regard to matters that cannot be postponed, he or she is authorized to make decisions on behalf of the board of examiners. ⁴He or she must promptly inform the other members of any such decision - at the next meeting at latest. ⁵In addition, unless otherwise provided by the present regulations, the board of examiners can transfer (until revoked)

the right to perform other duties ⁶The chair can delegate tasks to members of the board of examiners.

- (4) The board of examiners shall regularly report to the faculty council of the Faculty of Humanities & Social Sciences concerning updates to examination schedules and study periods and may make suggestions for reforming the present regulations.
- (5) ¹Any notices the board of examiners issues under the terms of the present regulations are to be published together with a rationale and information concerning legal remedies available. ²Notices of appeal shall be issued by the president in consultation with the board of examiners.

§ 5

Examiners and co-examiners

- (1) ¹Any person who is authorized to administer examinations at institutions of higher education according to the *BayHSchG* and the *HSchPrüferV*, as amended, may serve as examiner. ²Lecturers from foreign universities may also be called upon as examiners, provided they meet the qualification requirements in accordance with sentence 1. ³Any member of the University of Bayreuth who is a graduate of an equivalent or comparable programme of study may serve as co-examiner.
- (2) ¹If a member of the University of Bayreuth who is an authorized examiner leaves the University, he or she may remain an examiner for a reasonable period. ²Authorization to administer examinations shall generally remain valid for up to two years.
- (3) ¹Unless otherwise decided by the chair of examiners, the relevant instructor shall also serve as examiner. ²If that instructor is not authorized to administer examinations as laid out in para 1, the chair of examiners shall appoint an examiner at the beginning of the semester in which the examination is to be held.

§ 6

Disqualification due to personal involvement; confidentiality

- (1) Disqualification from consultation and voting on the board of examiners as well as other activities relating to examinations on the basis of personal involvement is governed by Article 41 para 2 of the *BayHSchG*.
- (2) The non-disclosure obligation that holds for members of the board of examiners, as well as examiners, co-examiners, and anyone else involved in the examination process is governed by Article 18 para 2 of the *BayHSchG*.

§ 7

Admission to the examinations

Students who are enrolled in the master's programme Development Studies are considered *ipso facto* to be admitted to the examinations.

§ 8

Credit transfer

- (1) Awarding credit for competencies (learning outcomes) is governed by Article 63 para 1 and 2 of the Bavarian Higher Education Act (*BayHSchG*).
- (2) If credits are awarded for competencies, the grades are to be carried over and included when calculating the final grade, as long as the grading systems are analogous. ²If the grading system for the competencies to be transferred does not correspond to the grading system given in § 16, the grades received at the other higher education institution are to be converted using the Modified Bavarian Formula:

$$x = 1 + 3 \cdot (N_{\max} - N_d) / (N_{\max} - N_{\min})$$

where x is the grade to be calculated, N_{\max} is the highest possible grade, N_{\min} is the highest passing grade, and N_d is the actual grade; in this calculation, the grade to be calculated is only given to one decimal place and is not adjusted to fit the grading scale given in § 16. ³If the grading systems are not analogous, the remark "*bestanden*" ["passed"] shall appear in place of a grade; in this case, the course shall not be taken into account when calculating the final grade. ⁴The board of examiners in consultation with the relevant representative from the subject area shall decide whether the requirements have been met for credit transfer. ⁵If credit transfer is denied, the person concerned can appeal the decision by submitting a request for the University Board to review the decision within four weeks of notification of denial.

⁶The University Board shall provide the board of examiners with a recommendation on how to proceed with the request.

- (3) Credit transfer requests are to be submitted to the board of examiners as soon as possible following enrolment and in any event prior to the commencement of the examination proceedings in the relevant module.

§ 9

Times for holding examinations; announcing examination times and examiners

- (1) The module examinations are to be carried out shortly after the conclusion of the module, and the examination schedule and time line for submitting graded assignments is to be published university-wide by the examiner prior to the start of the course.
- (2) ¹If not listed in the annex, the examination times and the form and duration of examinations shall be determined by the relevant examiner and published university-wide, generally at the start of the semester. ²A change of examiner on short notice shall only take place if there are urgent grounds for doing so.
- (3) Students must register for examinations by the published deadline, according to the process determined by the board of examiners.

§ 10

Elements of the examination

- (1) The master's examination comprises the module examinations listed in Annex 1 and the master's thesis.
- (2) The examinations serve to demonstrate that the examinee has satisfied the desired learning outcomes of the individual modules.

§ 11

Form of examinations

- (1) ¹Examinations are taken in the form of presentations, written examinations, oral examinations, assignments, reports, and essays.

- ²The possible forms of examination in the modules are given the annex.
- (2) ¹Assessment of examinations at the University of Bayreuth is to be carried out according to the process announced by the board of examiners. ²Notifications will not be sent individually. ³Students are required to familiarize themselves, independently and in a timely manner, with the terms of the present regulations pertaining to repeating examinations; they alone are responsible for checking examination results in a timely manner.
- (3) ¹If an examination is assessed by more than one examiner, the grade shall be determined by taking the average of the grades assigned and truncating (not rounding) the number to one decimal digit. ²In the case described in para 8, sentence 1 does not apply.
- (4) ¹Written examinations are to be held over a period of at least one hour and at most two hours. ²The relevant examiner shall decide which resources may be used during the examination. ³An examination record sheet is to be kept. ⁴The invigilator shall confirm the accuracy of the record by providing his or her signature. ⁵The examination record sheet is to include all aspects of the examination that are relevant to determining the grade.
- (5) ¹If a candidate arrives to the examination late, he or she shall not be given additional time to finish the examination. ²Candidates may leave the room during an examination if permission is granted by the invigilator. ³The time and duration of absence are to be noted on the question paper.
- (6) ¹Written examinations are generally graded by the relevant examiner. ²The relevant examiners are to determine the grades for the individual examinations under the terms of § 16. ³The assessment is to be available at latest by the beginning of the following semester. ⁴If an examinee receives the grade "*nicht ausreichend*" ["unsatisfactory"] for a written examination, a second examiner shall also provide an assessment. ⁵The graded written examination shall remain in the examination records.
- (7) ¹Written examinations may be conducted fully or in part using multiple choice testing. ²If written examinations are conducted only in part using multiple choice testing, the terms of para 4 and 6 sentences 1, 2, and 4 apply for the portion that is not multiple choice. ³The questions in the multiple choice section are to be written by the first and second examiners.

⁴Prior to the examination time, the examiner shall decide which answers are correct and how many points are to be awarded for each correct answer, i.e. how to weight correct answers in relation to the total points. ⁵If the written examination is conducted only in part by using multiple choice testing, weighting for the individual parts must also be stipulated.

⁶Grading of examinations may be carried out with the help of an optical mark sense reader.

- (8) ¹A multiple choice examination is considered passed, if the examinee achieves a certain absolute number of correct answers (at least 50% of the total points) or on a relative basis. ²The relative cut-off grade is to be determined by taking the average of the points achieved by those examinees taking the examination for the first time, less 10%. ³The relative cut-off grade is only to be taken into account if it is below the absolute cut-off grade. ⁴Cut-off grades that are not whole number values shall be rounded in favour of the student. ⁵An examination is considered passed if a grade of "*ausreichend*" ["sufficient"] (4,0) or better is achieved. ⁶If an examination is conducted using multiple choice testing and the lowest passing grade (the relative cut-off grade if it is below the absolute cut-off grade, otherwise the latter) or better is achieved, the grades shall be as follows:

- 1,0 ("sehr gut"/ excellent), for 90% or better
- 1,3 ("sehr gut"/ excellent), for 80% or better but less than 90%
- 1,7 ("gut"/ good), for 70% or better but less than 80%
- 2,0 ("gut"/ good), for 60% or better but less than 70%
- 2,3 ("gut"/ good), for 50% or better but less than 60%
- 2,7 ("befriedigend"/ satisfactory), for 40% or better but less than 50%
- 3,0 ("befriedigend"/ satisfactory), for 30% or better but less than 40%
- 3,3 ("befriedigend"/ satisfactory), for 20% or better but less than 30%
- 3,7 ("ausreichend"/ sufficient), for 10% or better but less than 20%
- 4,0 ("ausreichend"/ sufficient), if the cut-off grade has been achieved, but less than 10% of the possible points beyond the lowest passing grade were achieved. ⁷Cut-off grades that are not whole number values shall be rounded in favour of the student.

⁸If the lowest passing grade (cut-off grade) is not reached, a grade of 5,0 ("*nicht ausreichend*"/'insufficient') is assigned. ⁹If an examination is conducted using multiple choice testing, the following details are to be included when determining the results:

- cut-off grades,
- grade achieved,
- percentage of the number of points exceeding the lowest passing grade or percentage of the number of points.

¹⁰If the examination is only carried out in part via multiple choice testing, grades shall be assigned for the individual parts. ¹¹In this connection, § 16 para 2 applies accordingly.

¹²The details above also apply to the multiple choice portion.

- (9) ¹Oral examinations are to be held over a period of 20 to 30 minutes, depending on the requirements of the particular course. ²Oral examinations are to be conducted in German or English, and are to be administered by two examiners or one examiner and one co-examiner. ³One examiner or the co-examiner shall complete an examination record sheet for the oral examination that includes the following: location, start time, and duration of the examination; examination subject-matter and results (grade); names of the two examiners or of the examiner and co-examiner; and any noteworthy incidents. ⁴The record sheet is to be signed by the two examiners or by the examiner and co-examiner. ⁵The examiners are to determine the grades for performance in the oral examinations under the terms of § 16. ⁶Discussion and announcement of the examination results (grade) shall not be conducted in public.
- (10) ¹Presentations are to be held in the framework of the course in which they were assigned. ²The topic, scope, and duration of the presentation are to be chosen together with the instructor responsible for the course. ³Presentations can last between 20 and 90 minutes, depending on the workload. ⁴The examiner shall determine the grade under the terms of § 16.
- (11) ¹Assignments and essays are to be completed during or following the relevant course. ²The objective on an assignment is to address a relevant issue using the techniques of scholarly work. ³In contrast, an essay focuses on one's subjective view and coherent arguments, making critical evaluations and deliberation of positions in a greater overall context more essential than a complete account of the topic. ⁴The topics of assignments and essays to be assigned by the relevant examiner in consideration of the candidate's request. ⁵Assignments and essays are to be completed within three weeks. ⁶A term paper is a special type of assignment. ⁷It considerably exceeds the demands of a normal assignment with regard to scope and standards. ⁸Term papers are thus to be completed within six weeks. ⁹The topics for assignments or essays are to be such that they can be completed within this time limit. ¹⁰The chair of examiners may extend this deadline by up to one week at the request of the candidate and after having heard the supervisor in case of reasons beyond the candidate's control. ¹¹If the candidate demonstrates via a medical certificate that he or she was unable to work on the thesis, the deadline is to be extended accordingly. ¹²Assignments that are not submitted by the stated deadline are to be graded as "*nicht ausreichend*" ["unsatisfactory"].

⁸The examiner shall determine the grade under the terms of § 16. ⁹If an assignment is graded as "*nicht ausreichend*" ["unsatisfactory"], a second examiner shall provide an assessment. ¹⁰One graded copy of the assignment shall remain in the records.

- (12) Reports are completed during or following the interactive modules (project-focussed unit or conference participation). ²The report summarizes the content of the module. ³A report therefore summarizes key information, structures, and processes and relates to one's studies. ⁴Depending on the workload of the module, the report can be between 2 and 10 pages in length.

§ 12 Master's thesis

- (1) The candidate's master's thesis should demonstrate that he or she is able to utilize relevant resources and adequately address and write about current issues in the field using scientific methods. ²The topic may include interdisciplinary issues.
- (2) ¹The chair of examiners is to determine an examiner to act as supervisor and assessor, if possible in consideration of the candidate's wishes. ²The topic of the master's thesis is to be assigned by an examiner (§ 5, para 1) from the Faculty of Humanities & Social Sciences (Sociology and Politics), the Faculty of Biology, Chemistry & Earth Sciences (Earth Sciences), or the Faculty of Law, Business & Economics (Economics IV; E) who is active in the appropriate field, via the chair of examiners. ³Record is to be made of the date on which the topic was assigned. ⁴It is recommended that the master's thesis be completed in the fourth semester (full-time study) or the sixth semester (part-time study).
- (3) ¹The master's thesis is to be integrated into the programme of study and shall correspond to a workload of 600 hours. ²The master's thesis is to be submitted no later than five months after the topic was assigned in the case of full-time study or ten months in the case of part-time study. ³The chair of examiners may extend this deadline by up to twelve weeks in the case of full-time study or 24 weeks in the case of part-time study at the request of the candidate after having heard the supervisor in cases of reasons beyond the candidate's control.

⁴If the candidate demonstrates via a medical certificate that he or she was unable to work on the thesis, the deadline is to be extended accordingly. ⁵Theses that are not submitted by the stated deadline are to be graded as "*nicht ausreichend*" ["unsatisfactory"].

- (4) ¹The master's thesis may be written in German or English. ²The master's thesis shall contain a statement at the end in which the author confirms that he or she wrote the thesis independently and did not make use of any sources or materials that are not cited in the thesis. It shall also be confirmed that the thesis had never before been submitted toward fulfilment of an academic degree.
- (5) ¹The thesis is to be submitted to the Examinations Office by the deadline given. ²Record is to be made of the date on which the thesis was submitted.
- (6) ¹Three typewritten, paginated, and bound copies of the master's thesis are to be submitted. ²The thesis must contain a table of contents and bibliography. ³The master's thesis should not exceed 120,000 characters (not including annexes, bibliography, and the statement described in para 4, sentence 2). ⁴An additional copy is to be submitted electronically (as an MS Word document).
- (7) ¹The candidate may return the topic to the board of examiners once within the first two weeks. ²Paragraphs 1 to 6 also apply when assigning and working on a new topic.
- (8) ¹The chair of examiners shall forward the thesis to the appropriate assessor (supervisor) and appoint an additional assessor from among the examiners described in § 5. ²The grades shall be made available no later than two months after submission of the thesis. ³Each examiner shall provide a recommendation as to whether the thesis is to be accepted or rejected and assign a grade in accordance with § 16. ⁴In special cases, the board of examiners may call upon an additional assessor, especially if the grades assigned vary by more than one point.
- (9) ¹If an examination is assessed by more than one examiner, the grade shall be determined by taking the average of the grades assigned and truncating (not rounding) the number to one decimal digit. ²In this calculation, the grade shall only be given to one decimal place; the remaining digits are to be truncated (not rounded).

- (10) ¹If the master's thesis is deemed "*nicht ausreichend*" ["unsatisfactory"], the chair of examiners or his or her deputy shall inform the candidate of the decision.
- (11) One copy of the master's thesis is to remain on record.

§ 13

Credit point system

- (1) ¹A record of credit points for completed modules is to be kept by the University of Bayreuth's Examinations Office for each student who is enrolled in the programme of study. ²The credit points that appear on the transcript are identical with credit points as stipulated in the European Credit Transfer System (see Annex 1). ³One credit point is equivalent to 30 hours of work.
- (2) The credit points for the modules are given in Annex 1.

§ 14

Consideration of extenuating life circumstances

- (1) ¹Claiming protection periods of the Maternity Protection Act (MuSchG) must be guaranteed. ²Upon application, claiming parental leave in accordance with the Federal Parental Benefit and Parental Leave Act (BEEG) as well as the times for the care of a close relative, within the meaning of §7 para 3 of the Care Time Act (PflegeZG), who is in need of care within the meaning of §§14, 15 of Book 11 of the Social Law Book (SGBXI), must be guaranteed. ³The appropriate evidence must be furnished; any changes in status are to be reported immediately.
- (2) ¹If duly requested, periods during which study was impossible or only possible to a limited extent for reasons beyond the student's control shall not be taken into account with regard to the examination schedule. ²Corresponding evidence must be furnished; medical certificates must be presented in the case of illness. ³Any changes in status are to be reported immediately.

§ 15

Consideration of the special needs of disabled persons

¹For the sake of ensuring equal opportunities, the particular needs of disabled examinees are to be appropriately accommodated. ²Upon written request, the board of examiners shall determine on the basis of the degree of disability in what form a disabled examinee is to take the examination; alternatively, an extension may be granted. ³Evidence of disability is to be provided by way of a medical certificate, which confirms that the candidate is unable (entirely or in part) to take the examination in its usual form due to a lasting or permanent disability. ⁴The request is to be submitted together with the examination registration. ⁵If the request is submitted later, it shall only be valid for subsequent examinations.

§ 16

Examination grades

- (1) The following grading scale will be used in the assessment of the individual assignments and examinations; the digit to the right of the comma enables a more differentiated assessment between the whole-number values.

"sehr gut" (excellent)	= 1,0 or 1,3
"gut" (considerably better than average)	= 1,7 or 2,0 or 2,3
"befriedigend" (average performance)	= 2,7 or 3,0 or 3,3
"ausreichend" (performance that meets the minimum requirements despite deficiencies)	= 3,7 or 4,0
"nicht ausreichend" (insufficient due to considerable deficiencies)	= 5,0.

- (2) ¹If a module examination is made up of multiple examinations, the grade for the module shall be established by calculating the average grade after weighting the components based on credit points. ²In this calculation, the grade shall only be given to one decimal place; the remaining digits are to be truncated (not rounded). ³Module grades are as follows:

average grade of 1,5 or better	= "sehr gut"
for an average grade of 1,6 up to and including 2,5	= "gut"
for an average grade of 2,6 up to and including 3,5	= "befriedigend"
for an average of 3,6 up to and including 4,0	= "ausreichend."

§ 17 Final grade

- (1) The overall grade for the master's examination is calculated by taking the arithmetic mean of the five best module grades from A (A1-8) (35%), of the selected area (area B: B1, B2, B3 or area C: C1, C2, C4 or area D: D1, D2 and D3 or D4) (30%), and the grade for the master's thesis (35%). ²In calculating the average of areas A to D and the final grade, the grade shall only be given to one decimal place. The remaining digits are to be truncated (not rounded).
- (2) Candidates who pass the master's examination are to receive a final grade as follows: an average grade of 1,2 or better is "*ausgezeichnet*" ["excellent"], up to 1,5 is "*sehr gut*" ["very good"], up to 2,5 is "*gut*" ["good"], up to 3,5 is "*befriedigend*" ["satisfactory"], up to 4,0 "*ausreichend*" ["sufficient"].
- (3) Calculation of the final grade is to be carried out by the chair of examiners; the certificate or an attached document shall indicate how the final grade was calculated.
- (4) ¹In addition to the degree certificate, an ECTS grading table will be issued as stipulated in the ECTS guidelines in the version dated 6 February 2009. ²This table displays what percentage of programme graduates in a given time frame received the same final grade as described in para 2. ³Those programme graduates who were awarded their diplomas in the previous four semesters shall serve as the reference group as long as it includes at least 30 persons. ⁴The date of the last examination shall be decisive in assigning graduates to a particular semester. ⁵If the minimum number of graduates is not reached, the number of previous semesters is to be extended until the minimum number is reached. ⁶If the programme of study does not yet have as many graduates as the minimum number required of the reference group, an ECTS grading table will be issued as soon as the minimum number is reached. ⁷For degrees awarded before the minimum number is reached, an ECTS grading table will be issued at a later date upon request once the minimum number has been reached. ⁸The graduate's own graduating class is also to be included in the reference group. ⁹The size of the reference group and the time frame is to be included.

§ 18 Passing the master's examination

- (1) Passing the master's examination requires a grade of "*ausreichend*" ["sufficient"] or better for the master's thesis and each module; in addition, all 120 credit points must be earned and all requirements mentioned in § 2 para 2 must be fulfilled.
- (2) ¹If the candidate has not fulfilled the requirements given in paragraph 1 by the end of his or her sixth semester in full-time study or twelfth semester in part-time study due to reasons under his or her control, then the candidate shall be considered as having failed the master's examination on the first attempt. ²Examinations that were taken on time and for which the candidate received a passing grade need not be repeated.
- (3) ¹If the missing examinations are not passed by the student within a year of the deadline given in paragraph 2 sentence 1 for reasons under his or her control, or if all possibilities to repeat the examinations have been exhausted, then the candidate shall be considered as having failed the master's examination on the final attempt. ²The deadline shall not take into account periods of leave and periods during which the candidate withdrew from study. ³Notice shall be sent to inform the candidate that he or she has failed an examination on the final attempt in accordance with § 4 para 5 in conjunction with Article 41 of the Bavarian Administrative Procedures Act (*BayVwVfG*) as amended. ⁴The board of examiners may grant the student an extension of the deadline stated in sentence 1 for circumstances beyond his or her control.

§ 19

Repeating examinations at the University of Bayreuth

- (1) Any examination that was failed on the first attempt can be repeated once.
- (2) ¹In order to improve one's grades in module areas B, C, and D, the grade of a module examination that has already been passed may, upon application to the chair of examiners, be replaced by the grade of an equivalent performance from an additionally attended course. ²The replaced grade shall then be treated as an additional course without assignment to the modules. ³Beyond that, voluntary repetition of a passed examination is not permissible. ⁴Voluntary repetition of the master's thesis is not permitted.
- (3) ¹Repeating an examination for a second time is only permitted for up to three examinations. ²Students who fail the second repetition of an examination are to be considered as having failed the master's examination on the final attempt. ³The second resitting of an examination can be carried out in oral form, even if the previous examinations were in written form, as determined by the examiner.
- (4) ¹The master's thesis can be repeated with a new topic if the student receives a failing grade for the thesis. ²Repeating the master's thesis for a second time is not permitted.
- (5) Administrative measures shall be taken to ensure that it is possible to repeat the failed examinations or a failed master's thesis within six months.

§ 20

Notice of failing master's examination

If a candidate has failed the master's examination on the final attempt, then a written notice shall be sent to him or her within two weeks upon request; the notice shall include a list of the individual examination grades as well as the missing examination elements.

§ 21

Access to examination documents

- (1) Following the conclusion of an examination, the candidate may - upon request and within the means available - be granted access to his or her graded examination documents including relevant comments made by the examiners as well as the record sheets for the examination.
- (2) ¹Such requests are to be made no later than one month after the degree certificate is awarded. ²If the candidate was prevented from meeting the deadline in sentence 1 due to reasons beyond his or her control, Article 32 of the Bavarian Administrative Process Act (*Bayerisches Verwaltungsverfahrensgesetz*) shall apply.

§ 22

Defects in the examination proceedings

- (1) If it is shown that there were defects in the examination proceedings which influenced the examination results, the candidate or the board on its own initiative shall request that the relevant examinations be repeated.
- (2) Any defects in the examination proceedings or circumstances preventing the candidate from completing the examination are to be reported to the examiner or the chair of examiners without delay, and in general, prior to notice being given of the examination results.
- (3) Claims under the terms of paragraph 1 must be made within six months of the examination's conclusion.

§ 23

Non-appearance, withdrawal from examinations, cheating, and policy violations

- (1) ¹Candidates who have registered for an examination may withdraw without providing a rationale by submitting a written statement of withdrawal by the deadline announced by the board of examiners.

²If the candidate fails to appear for an examination for which he or she was registered for reasons under his or her control or withdraws subsequent to the deadline stated in sentence 1, he or she will be considered to have failed the examination.

- (2) ¹The grounds for failing to appear or - as long as paragraph 1 sentence 1 does not apply - for withdrawal must be submitted to the board of examiners without delay and substantiated by *prima facie* evidence. ²The same applies to inability to take the examination due to circumstances arising during the examination. ³Inability to take the examination due to illness must be documented with a medical certificate.
- (3) If withdrawal or failure to appear is caused by reasons beyond the candidate's control, examinations elements completed up to that point are to be recognized.
- (4) ¹If the candidate attempts to influence the result on an examination by cheating or making use of materials that are not permitted, he or she shall be given the grade "*nicht ausreichend*" [unsatisfactory]. ²Any candidate who causes considerable disruption to the course of an examination may be removed by the invigilator and barred from continuing the examination. In this case, he or she shall be given the grade "*nicht ausreichend*" ["*unsatisfactory*"].

§ 24

Invalidating the master's examination

- (1) If a candidate cheats during an examination and this fact does not come to light until after the degree certificate is issued, the board of examiners may retroactively change the relevant grades accordingly and declare the master's examination to be failed either in part or entirely.
- (2) ¹If the registration requirements for the examinations were not met by the candidate without this having involved any cheating on the part of the candidate, and if this fact does not come to light until after the degree is issued, then this fault shall be considered rectified via the candidate's passing of the bachelor's examination. ²If the candidate registered by intentionally providing false information, the board of examiners shall decide whether to revoke any unlawful administrative acts on the basis of the general principles of administrative law.

- (3) The candidate shall be permitted to make a statement prior to the decision.
- (4) The inaccurate degree certificate is to be taken away and, if applicable, replaced with a new one.

§ 25
